

Otc

Capmatix
OTC Suite

Smart, lean and digital sales and distribution processes.

Designed to form a connected client experience, Capmatix OTC Suite supports you with numerous aspects ranging from understanding the current market, developing trading strategies and interacting with clients, to executing across asset-class and following-up on trading activities.

The software solution gives you the control and flexibility to utilize your trading opportunities to their full potential.

Benefits

Time and cost reduction

Increased efficiency

Risk mitigation

Legal compliance

The scope of our product solution

1.

Digital sales

2.

Pricing

3.

Document generation

4.

Post-Trade

5.

Sales and risk analysis

— Our solution covers the entire value-chain for corporate treasury products.

Solutions

Digital Advisory

An MiFID II compliant advisory process for retail and professional clients in corporate treasury sales covering FX, rates and commodity derivatives, and reducing operational risk while increasing efficiency.

Sales

An intuitive and scalable end-to-end software solution for wealth and treasury products. Transform and digitize sales and distribution processes, while complying with regulatory requirements.

Post-Trade

Enhanced automation of back-office processes for OTC derivatives confirmation and matching.

Trading

Streamline bank trading activity while allowing key treasury operations to continue as before. Our tools enable you to simultaneously act as a market maker and market taker, sourcing liquidity where needed and distributing it accordingly.

KIDs for PRIIPs

Generation of Key Information Documents (KIDs) for PRIIPs, ensuring regulatory compliance and including reliable pricing and risk indicators.

Founded in 1999 by Stefan Lucht & Roland Probst to offer solutions as the finance industry evolved, LPA was built on the needs of its clients. As those needs have grown, so has LPA, becoming one of the world's leading creators of award-winning software and consulting for the finance industry. Today the company has over 400 employees in 12 cities worldwide, delivering cutting-edge consulting through its specialist teams, and technology through four software products: Capmatix OTC Suite, Capmatix Structured Products, Capmatix Contract Navigator, and Capmatix Asset Management. Motive Partners, a leading specialist financial technology investment firm, has been partnered with and invested in LPA since November 2018.

Defy the processes of the past. Deploy innovation in a way that suits you. Run to the forefront of global innovation.
